Education

New Mexico Tech

Bachelor of Computer Science Engineering

12/2024 | Socorro, NM

GPA: 3.42

Projects

eMarket, github.com/tommy-phm/eMarket

01/2025 – 02/2025

- Developed an e-commerce platform using C#, .NET, HTML, CSS, JavaScript, and Bootstrap.
- Implemented a MongoDB database to store date products, categories, users, and orders.
- Implemented secure user authentication and session management using JWT tokens.
- Built a RESTful API to create, retrieve, update, and delete data in MongoDB.

Pool Simulator, github.com/tommy-phm/pool

10/2023 – 12/2024

- Designed a cross-platform pool game for Linux and Windows using C++.
- Developed a physics engine to simulate realistic collision interactions with friction effects.
- Implemented 2D graphics, mouse support, and an online multiplayer mode.

Web Chat, github.com/MKULTRA001/Chat

02/2023 – 10/2023

- Designed a messaging web application using Java, Spring Boot framework, and MySQL.
- Took a lead role in front-end development, utilizing HTML, CSS, and Thymeleaf.
- Followed the agile software development model to ensure timely delivery.

Professional Experience

CSE Tutor, NMT CSE Department

01/2021 – 05/2021 | Socorro, NM

- Tutored students in C programming.
- Identified and resolved bugs in student programs.

System Administrator, NMT CSE Department

11/2021 – 12/2024 | Socorro, NM

- Managed 10+ critical departmental services, including web hosting, email, hpc, user authentication, Linux, virtualization, backups, and more.
- Led project planning initiatives, minimize potential risks, and coordinated team efforts.
- Maintain network security by configuring routers, firewalls, and monitoring systems.
- Wrote detailed technical documents and presented weekly summary reports.
- Created and maintained Python scripts to automate tasks and handle communication.

Skills

Languages: C#/C++, Java, JavaScript, Python, HTML, CSS, and Bootstrap

OS: Ubuntu, Debian, Windows, and Windows Server

Technologies: GitHub, Docker, MySQL, MongoDB, and Springboot Framework
